Journal of Aquatic Ecosystem Health

Contents of Volume 2, 1993

Vol. 2 No. 1

Editorial 1

Forthcoming articles 2

C.S. Reynolds: The ecosystems approach to water management. The main features of the ecosystems concept 3

J.R. Vallentyne: Biospheric foundations of the ecosystem approach to environmental management 9

J. Wessel: Institutional arrangements which may promote ecosystems water management 15

T. Wiederholm: A living environment. Objectives and measures in the Swedish Government Bill on Environmental Policy 1990/91, pertaining to waters and the seas 21

A. Schneiders, E. Verhaert, G.D. Blust, C. Wils, L. Bervoets & R.F. Verheyen: Towards an ecological assessment of watercourses 29

N. Lavigne: Using integrated state-of-environment reporting as a planning tool for resource management 39

H.O. Ibrekk, E. Børset & E. Hauan: An approach for water pollution abatement. Case study Lake Mjøsa, Norway 45

Comment:

P. Calow: Ecosystems *not* optimized 55

D. Rapport: A reply to the comment of P. Calow 57

Aquatic Ecosystem Health and Management Society:

Objectives 59

Membership Application Form 60

Conference Announcment (Windsor, Ontario) and Registration Form 61

Conference Announcemnt (Baikal, Russia) and Registration Form 62

Announcement:

1st International Symposium of Ecosystem Health & Medicine 63

Vol. 2 No. 2

Editorial iii

P.A. Chave: Ecological aspects of water quality regulation in England and Wales 65

H. Holtan & H.O. Ibrekk: Norwegian water quality criteria – ecosystems approach 73

T.B. Reynoldson: The development of ecosystem objectives for the Laurentian Great Lakes 81

M.S. Evans: Toxic contaminants and Great Lakes ecosystem health: current understandings and strategies for improved assessments 87
J. Barica: The anticipated degree of success of different approaches to lake rehabilitation 95
W.J. Christie: Developing the concept of sustainable fisheries 99
M. Munawar: Initiating and promoting the aquatic ecosystem health concept: the Society and the Journal 111

Forthcoming articles 119

Aquatic Ecosystem Health and Management Society:
Executive Committee 120
Objectives 121
Membership Application Form 122
Symposium announcement 123

Appendix (United Nations report) 125

Vol. 2 No. 3

B.T. Hart, I.C. Campbell, C. Angehrn-Bettinazzi & M.J. Jones: Australian water quality guidelines: a new approach for protecting ecosystem health 151
L. Håkanson: A system for lake ecosystem indices 165
T. Andersson, B.-E. Bengtsson, P.-A. Bergqvist, T. Eriksson, Å. Larsson & L. Norrgren: Biochemical and physiological effects in farmed Baltic salmon fed lipids containing xenobiotics extracted from Baltic herring 185
M. Power: The statistical implications of autocorrelation for detection in environmental health assessment 197
J.M. Quinn & C.W. Hickey: Effects of sewage waste stabilization lagoon effluent on stream invertebrates 205

Note
M. Legner & W.G. Sprules: Preservation and computer-aided microscopic analysis of planktonic Protozoa and algae 221

Vol. 2 No. 4

Preface 229

J.R. Vallentyne & M. Munawar: From aquatic science to ecosystem health: a philosophical perspective 231
J. Cairns, Jr.: Determining desirable levels of ecosystem services *per capita* 237
J. Barica: Oscillations of algal biomass, nutrients and dissolved oxygen as a measure of ecosystem stability 243

M.A. Holder-Franklin & M. Franklin: River bacteria time series analysis: a field and laboratory study which demonstrates aquatic ecosystem health 251
M. Hildén & D. Rapport: Four centuries of cumulative impacts on a Finnish river and its estuary: an ecosystem health approach 261
W.E.M. Laane & J.S. Peters: Ecological objectives for management purposes: applying the Amoeba approach 277
M. Munawar, I.F. Munawar, L. McCarthy, W. Page & G. Gilron: Assessing the impact of sewage effluent on the ecosystem health of the Toronto Waterfront (Ashbridges Bay), Lake Ontario 287
D.F. Malley: Raising consciousness in ecosystem health 317
C. Freeman, D.M. Fiebig & M.A. Lock: [^{14}C] Acetate incorporation, an indicator of lipid biosynthesis within intact river biofilms 329
L. Sage, R. Steiman, F. Seigle-Murandi, J.-L. Benoit-Guyod & G. Merlin: Toxicity of pentachlorophenol for micromycetes isolated from freshwater sediments 335

Aquatic Ecosystem Health and Management Society:
Objectives 341
Membership Application Form 342
Forthcoming conferences 343

Forthcoming articles 344
